Shopping Days And Carnival This Weekend

This is shopping Carnival weekend in Vulcan, with merchants extending a special invitation to town and district residents to visit their stores and see the many items specially bargain-priced for this event.

The first shopping event to be held in Vulcan this year, the carnival gives Christmas shoppers an opportunity to complete their lists at worthwhile savings.

On Saturday there will be an added attraction in the form of a "Gay Nineties" Carnival at the Vulcan Armouries from 1:00 p.m. to 11:00 p.m., sponsored by the ladies' organizations of Vulcan.

At the carnival will be all the favorite games of chance and skill, bingo and pitch, a fishpond, hoopla and other games for children, a refreshment booth and a special attraction of "Go-Go Girls."

The draw for the \$250 "Grey Brick" will also be made at this time. Proceeds are for the Recreation Centre. Tickets are also on sale for an oil painting donated by Mrs. Reg Stein.

7th Annual Meeting

District 12 Farmers Union Holds Membership Dinner

One hundred and seven enthusiastic Farmers Union people braved the elements, Saturday evening, November 5, to partake of a bountiful roast beef dinner at the Flying 'N' Restaurant, Claresholm.

Norman Bell, well known Fieldman also phoned that it was impossible to come. UGG was represented. UFA Co-op was represented by Milt Ward, ALC by Archie Hogg, CCIL by George Loree and Western Stock Growers by Frank Marr. D.A. David Jantzie from Claresholm was also introduced.

F.U.A. Director, Hans Hasseiman, very ably took the role of M.C. Background music was rendered by Mrs. Milo Stier of Blackie. This is one night of the year when FUA people take time out to enjoy a few musical numbers.

FUA Executive member, Dick Page of Didsbury, key speaker, gave enthusiasm to the forthcoming membership drive. Since farmers of Alberta now only comprise 9 or 10% of the entire population, it is imperative they maintain a strong farm organization.

George Brown, guest speaker from CHCT-TV, was unable to attend due to blizzard conditions which struck Calgary about 5 p.m.

Despite Cold Weather

Town and District Citizens Attend Memorial Service

The annual Remembrance Day Service, held at the Vulcan Armouries, was attended by over 200 residents of the town and district despite the cold weather which forced cancellation of the usual parade.

Music was supplied by the Vulcan County Band and members of the Legion, the Calgary Highlanders unit, the Vulcan Army Cadet Corps, Scouts, Guides, Cubs and Brownies attended as groups.

The sounding of "The Last Post" and "Reveille" typifies the theme of death and resurrection, said Rev. Fr. Wm. MacCallum, who gave the memorial address.

together and practise God's command to "love," concluded Fr. MacCallum. The service was arranged and conducted by the members of the Vulcan Ministerial Association under the direction of Rev. R. J. Pelham, chaplain of the Vulcan Branch, Royal Canadian Legion, which sponsors this annual event.

War brings much unnecessary unhappiness and it is unfortunate, said the speaker, that man's technical knowledge and ability to wage war is outstripping his moral growth.

The call to worship was given by Rev. Pelham, the psalm was read by Rev. E. W. Clarke and the scripture reading was by Rev. W. Dorrner.

We must continue with every means in our power to draw the peoples of the world more closely

Memorial Park following the service, with Major M. R. Burgess in charge.

NEW COUNCILLORS. At its first meeting since the October town elections Vulcan council, first duty was the swearing-in of three new councillors who won

seats Oct. 19. Conducting the ceremony, is Police Chief Gene Moyer and from the left are councillors Buford Walker, Dave Schierman and Dave Mitchell.

Reid Hill W.I. Elects Officers And Committees

The annual meeting of the Reid Hill WI was held Thursday, November 10, at the home of Mrs. E. G. McPherson. The punctuality draw was won by Mrs. Kuykendall.

Mrs. Kuykendall presided and was assisted by acting secretary, Mrs. John French. The treasurer's report was given by Mrs. C. Love.

Final plans were made and discussion held on catering to the Kinsmen's banquet November 16, and committees named.

A birthday gift was presented to Mrs. Fred Schuler, whose birthday falls this month.

Roll Call was answered with "Current Events" and was most interesting. At this point the meeting was turned over to Mrs. J. C. MacMillan, who conducted the election of officers for the coming year, with the following results: president, Mrs. C. L. Kuykendall; vice-president, Mrs. Alberta Deal, both re-elected by acclamation; secretary, Mrs. J. French, elected by acclamation; treasurer, Mrs. C. Love, re-elected. Directors, Mrs. E. G. McPherson, Mrs. A. Sales, Mrs. Frieda McRoberts and Mrs. Fred Schuler, all re-elected.

Standing Committees named were: Handicraft, Mrs. French; Citizenship, Mrs. Frieda McRoberts; Health, Mrs. Florence Fitzpatrick and Agriculture, Mrs. MacMillan. Sick and Visiting committee named: Mrs. Kuykendall and Mrs. Schuler; Rest Room representative, Mrs. Kuykendall; Publicity, Mrs. Sales.

An interesting contest presented by Mrs. French was won by Mrs. Deal and Mrs. McRoberts. The Christmas meeting will be held at the home of Mrs. Fitzpatrick. A delicious hot lunch was served to conclude the afternoon.

Appointed GMAC Manager At Hamilton, Ont.

A native of Vulcan, W. Henry Benoit has been appointed manager of the General Motors Acceptance Corporation in Hamilton, Ont.

Mr. Benoit joined GMAC at Calgary in 1951 and served in various supervisory capacities at Calgary and Lethbridge before being named branch manager at Saskatoon, Sask., in 1957. He was appointed assistant branch manager in Winnipeg in 1960 and prior to his new appointment was Director of Sales for Canada with headquarters in Toronto since 1963.

Keith Aiken Heads Junior Hockey Group

A re-organization meeting of the Vulcan Junior Hockey Association was held in the Legion Hall on Oct. 19.

Pat Carruthers acted as chairman and the following slate of officers was elected: Keith Aiken, president; Dr. Ken Orhard, vice-president; Ray Moore, secretary; Gordon Brown, treasurer. Ray Moore was appointed as news correspondent.

A discussion was held regarding the possibility of holding a referees' school in Vulcan this year and if sufficient interest is shown this matter will be dealt with at the next meeting.

Boss (leaving the office, to secretary: "Miss Hughes, I'll be back either at noon, 4:30, or tomorrow morning — and that's definite."

No Sirens Interrupt Firemen's Social Evening

LADIES' NIGHT. Members of the Vulcan Fire Department, for no reason other than "It's about time," hosted their ladies at a banquet Monday night, Nov. 7. They may be building up credits towards their next meeting which will include the annual pay parade, but whatever the cause, the evening was much enjoyed by the wives.

O'Toole, Provincial Fire Inspector from Lethbridge. Until his new duties Andy was with the Bowness Fire Department and in on several hose laying competitions involving the local crew. The inspector congratulated the department on their low fire record and general high morale and efficiency as shown in the yearly reports.

Supper for 14 couples was served at the Vulcan Hotel dining room followed by the introduction of a well-known visitor, Andy

emergency measures and handling of patients in the event of fire. Above, in the back row, from the left are: Andy Broere, Chief Bob Johnston, Bob Petrosky, Hubert Broere, Rudy Lever, George Richardson, Harvey Simmons, Lundy Findlay. Middle row: Pete Schuler, Ken Reid, Tom Wiley, Prov. Fire Inspector Andy O'Toole, "Doc" Stewart. Front row: Bill Perrault, Leo Flaman and John Tangen.

Radio Interest Growing

The monthly business meeting of the Vulcan County Amateur Radio Association was held in the Civil Defence room on Nov. 10, at 8:00 p.m. Eight members were present with two more members checking in who were not able to stay for the entire meeting due to prior engagements. The new officers for 1967 will be elected on Dec. 8.

All the members are well pleased with the newcomers who have been attending weekly classes and also with the success of the local emergency net on Sunday evenings. Quite a few local residents have been listening in to the net.

Bert Hansen (VE6AHG) was able to attend this meeting and he was warmly welcomed back by all the members. His prolonged absence due to ill health has been much felt in ham circles.

Dave Schierman (VE6ARU) president of the club, contacted his first Japanese station last week and congratulations are extended to him for this contact. Gene Moyer (VE6AFJ) was very active last week. Within one hour he had radio contacts with Boston, Mass.; Goose Bay, Lab.; Pittsburg, P.A.; Mexicali, Mex.; Fairbanks, Alaska, and Yellowknife, N.W.T.

All residents in the Vulcan area who are interested in amateur radio are invited to attend the weekly classes which are held every Thursday evening at 8:00 p.m. in the Civil Defence room.

Keystone Class

The October meeting of the Keystone Class was held at the home of Mrs. Donald Smith with 11 members present.

The same slate of officers will carry on for another year. A donations was sent to Mrs. Cordelia Edwards in Jamaica and the usual Christmas fund sent to Kopahur in India. A report of the last 10 months showed that \$175.00 had

Public Works—Dave Schierman, Buford Walker, George Richardson. Waterworks—George Richardson, David Mitchell, Charles Fulton. Fire and Police—John Wolfe, George Richardson, David Mitchell. Finance—Charles Fulton, John Wolfe, Buford Walker. Parks, Cemetery and Rink—Buford Walker, Charles Fulton, David Schierman. Civil Defence and Welfare—David Mitchell, David Schierman, John Wolfe.

Permits for some Noble Blades Sales & Service buildings to be erected on the CPR right-of-way were approved as follows: 32 x 72 steel warehouse, \$6,000, and 14 x 22 insulated aluminum office building, \$3,000, two frame fertilizer storage sheds 14 feet high and 16 feet in diameter, \$1,600. Beaver Lumber is contracting the two frame storage tanks.

Councillor Richardson reported that progress is being made on the plans for the proposed Centennial Park. A planting plan drawn up by Lacombe Nurseries was approved and the trees were ordered.

SURPRISE. Ron Jordan, above has been out for big game many times but this year he finally got his reward. It's a six-point bull elk and dressed out to between four and five hundred pounds. On Sunday, Nov. 6, Ron had no plans for hunting and was doctoring an inflamed finger but under pressure from Dick Hall, on the Har-old Bride farm, he whipped over to the doctor for treatment and Monday morning the two hunters were out north of the Willow Creek ranger station. Over a hill, three-quarters of a mile from their truck Ron sighted his animal and knocked him down at 150 yards.

Record Hail Risk In 1966

The Alberta Hail Insurance Board reports that an analysis of its operations for 1966 accurately reflects the high cost and the high cash picture that is so much a part of farming today. The phenomenal increase in the use of fertilizers, herbicides and insecticides accompanied by the high cost of labor and equipment has placed the farmer in a position where he must have a guaranteed income from his crop even though it may be totally destroyed by hail.

The Board received 12,867 applications for hail insurance representing a total insured risk of \$37,263,352 and a net premium income of \$2,457,000. This is the highest risk ever carried by the Board and naturally made it vulnerable to heavy losses.

Losses totalling \$2,987,139.00 have been paid in settlement of the claims submitted by 2,621 of the Board's policyholders. This represents an average of \$1,279.00 per claim for 1966 as compared to an average of \$703.00 per claim in 1965 and a 29-year average of \$401.00 per claim. Resulting from these losses, the Board will face an operating deficit of \$589,000 for the 1966 season. These losses will be recovered from the Board's "Reserve Account" which has been accumulated over the years for just such eventualities and which now stands at 11% of the Risk written.

Regardless of these heavy losses, the Board will honor its commitment to the farmers and will declare a premium refund of 15% to those policyholders who did not file claims and whose accounts are paid at the date on which the premium refund is declared. The actual payment of these refunds will be made approximately June 1, 1967.

The Board is very encouraged by the promptness of the farmers in paying their outstanding hail insurance premiums. This is of particular significance in a year such as this when interim financing must be arranged for the period of time between the payment of losses and the collection of premiums.

Ladies night will be held in Lethbridge on Sunday, Nov. 13 and Mrs. Doug Smith is in charge of transportation.

"New Look" This Season

Curling Rink Face-lifting Should Boost Membership

(By Curling Reporter) Would you believe—there are now double doors entering the rink to prevent cold drafts cooling off the waiting room; that there is an entirely new linoleum floor in the waiting room; that the sinks and coffee counter have been altered and moved to improve the

catering of the coffee counter? And would you believe that the Ladies Curling Club are again going to cater for the curlers to ensure a pleasant atmosphere and luscious home-cooked food; and that the curling area this year is going to be heated so everyone can enjoy comfort when curling even in the coldest of weather?

And would you believe that the upstairs recreation room has been completely altered with a new serving counter, more area, painted floors and walls to make you feel more restful in the deep cushioned chesterfields and chairs?

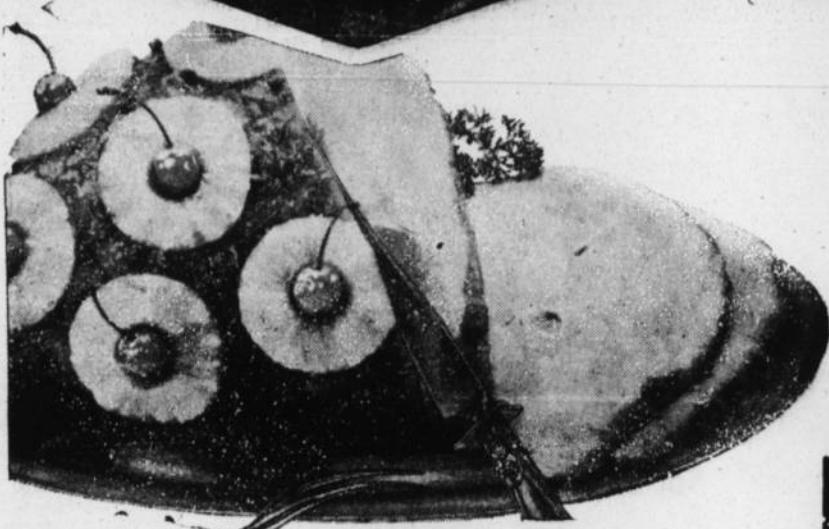

You better believe it, because it's all true thanks to president Vernal Haga and a dozen or so enthusiastic supporters of the curling club, and they are doing it just to make curling more enjoyable and sociable for everyone of us who likes to curl, if only once in a while. And to entice everyone to curl that wants to, the club has a program lined up so that those who wish to curl once a week, twice or three times a week can do so.

What more could anyone ask for; all the curling club now needs is good support from the public to make this the start of a rejuvenation of the sport of curling. (Continued On Page 12)

STEEL-MAKING PROCESS. A new steel-making process, claimed to be the most advanced in the world, has been developed by the British Iron and Steel Research Association. Known as the "spray steelmaking" process, it is seen here installed at a plant on the Cumberland coast, north-west England. The blast furnace is in the background, and the runner (centre) is carrying molten iron to the spray steelmaker, while the steel is received in the rail-bound ladle (foreground).

Unlike conventional steelmaking processes, spray steelmaking can treat liquid iron immediately it leaves the blast furnace. A portion of the hot metal is diverted into the spray steelmaking unit. Here, high velocity jets of oxygen atomise the metal stream and burn out unwanted elements. Lime and fluxes are continuously fed in to form a slag with these oxidised elements. The spray of refined material is then collected in a receiving ladle and the slag is allowed to run off continuously.

One advantage of the process is that the refining reactions are almost instantaneous. Because it is capable of treating hot metal as it flows from the blast furnace, it minimizes handling and heat loss. The better utilization of services and reduced capital cost will also, it is hoped, make this a much cheaper method of steel production.

Calgary Power is proud to announce 1966 Award Winners

ROY UMBACH,
 Carstairs

Alberta Junior Citizen of the Year.

10-year old Roy is a favorite in his community. He always has a cheery "hello", a winning smile. He is a good student, always willing to try a new endeavour. Roy is a keen sports fan and participates in many school sports activities. Besides this, Roy is very interested in animals and is a member of the Carstairs 4-H Club. He attends church regularly and is a member of the Sunday School.

Roy does all these things despite a severe physical handicap. He was born with no hands and malformed feet! Last year, Roy's duties as Alberta's Easter Timmy took him far and wide in the cause of public service. This courageous little boy is a worthy winner of the Alberta Junior Citizen of the Year award!

We congratulate Roy and thank Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to Mrs. J. Currie, Editor of the Carstairs News and to Roy's nominators, Mr. and Mrs. Stephen Siles of Carstairs.

Mr. and Mrs. Alva Love accompanied by Mr. and Mrs. Frank Love were visitors to Calgary on Tuesday.

Mr. and Mrs. Howard Burrell of Calgary were visitors in the district on Wednesday.

Mr. and Mrs. Bill Cutforth attended a party at the home of Mr. and Mrs. Stan Cutforth in Barons last Friday. The occasion was to celebrate the birthday of their niece Dawn.

Last Saturday Mr. and Mrs. Don McKay attended the wedding of Ross Williams Jr., and Helen Hiltz in Calgary.

LADIES SUNSHINE CLUB

Mrs. Irene Cutforth was hostess on Nov. 9th for the Ladies Sun-

shine Club with 13 members and one visitor present. Roll call was answered by each member bringing a cookie recipe.

Mrs. Dale Markert presided and opened the meeting by leading the group in the singing accompanied at the piano by Mrs. Thora Burrell.

Mrs. Lillian Hartung, secretary-treasurer read the minutes of the October meeting. Correspondence consisted of thank you notes from Mr. and Mrs. Brian Dunham and Mr. and Mrs. John Graham for the wedding gifts; from Mr. and Mrs. Harry Witting for the basket of fruit sent to Harry who is a patient in Blunt's Nursing Home; and also from Mrs. Amy Todd for the flowers sent her, and for serving lunch to all her friends after the funeral of her loved one.

Arrangements were made in helping with the Vulcan Recreation Carnival on Nov. 19th with the ladies taking turns in working two hour shifts in each team from 1 p.m. to 11 p.m.

It was moved and carried that we will again send a donation of \$25.00 to the Vulcan Ministerial Association for the Christmas aid Fund.

Mrs. Marjorie Schneider kindly invited the ladies to bring their husbands to the next meeting for a Christmas party on the eve of Dec. 14th. Each one is to bring a gift for the Christmas pie. The tea draw was won by Mrs. Margaret Hanna.

At the adjournment of the meeting Mrs. Clara Love took the chair for the annual meeting. Officers for the next year are: President, Mrs. Dale Markert; vice-president, Mrs. Margaret Hanna; secretary-treasurer, Mrs. Marjorie Schneider; sub. secretary-treasurer, Mrs. Gladys Fulton; sick conveners, Mrs. Edith Dunham and Mrs. Donaldia Giles; directors, Mrs. Mavis McKay and Mrs. Hazel Giles.

The ladies extended a warm thank-you to the retiring officers. A tasty lunch was served by Mrs. Irene Cutforth assisted by Mrs. Anna Witting.

Have you ever wondered...

...who protects the rights of Alberta's working girls... and men?

The working girl in Alberta today receives wages equal to her male counterpart and, like the men, is ensured proper rates of pay, hours of work, vacations and holidays. Minimum standards for all these are established under The Alberta Labour Act and enforced by the Board of Industrial Relations, Alberta Department of Labour. The Board not only carries out regular inspections of working conditions and investigates complaints but also protects the new employer by providing him with full information as to the regulations when he establishes a business. In addition, the Board of Industrial Relations provides conciliation officers from its staff when labour disputes reach an impasse and the parties involved request assistance. The record shows that 65 per cent of the disputes handled by these officers have reached successful conclusions.

...what northern Alberta has to offer you?

Whatever your reason for considering this northern area of the Province; as a place to live, a location in which to open a business, or a good investment prospect, the Northern Alberta Development Council is the agency to ask for information. If they don't have the answers to your questions, they know where they can be obtained. This is the clearing house for intelligence on northern Alberta, collected from all departments of government on all phases of life in the north. In addition, the Council advises both government and industry on economic and social development in that area of Alberta lying north of the 55th parallel.

...who brings power to rural residents of Alberta?

The residents do—with the assistance of the Co-operative Branch of the Alberta Department of Industry and Development. This Branch supervises a Revolving Loan Fund, which is available to Rural Electrification Associations for financing their projects. These are formed by any group of ten or more farmers who can prove that electrification of their area is feasible, practical, and acceptable to the residents. Once this has been established, the R.E.A. can borrow all but \$100 of the cost of each installation. So far, over \$51 million has been borrowed by such associations to light up rural Alberta.

...how you can help develop a summer resort area in Alberta?

Write a letter to the Lands Division, Alberta Department of Lands and Forests and tell them about the area in which you'd like to acquire a lot. If enough requests are received, the Lands Division carries out an inspection to be sure the area is suitable for a summer cottage sub-division, then subdivides the land into lots, develops a water supply and builds access roads. The availability of the lots is then advertised and interested applicants gather at a meeting where a draw is held to see who gets first choice, second choice, and so on. Normally, the lot is leased for a period of ten years, on a renewable basis, at an annual rate of ten per cent of the appraised value. The value of the lot is established by taking into consideration the value of the land plus the cost of development. The lessee must pay taxes on the leased site as well. Once the land is im-

proved by the construction of a cottage, which must be completed to approved plans within two years, the owner may then purchase it outright except in certain forestry areas of the Province where cottage sites are leased only.

...who does the flying under Alberta medical services?

In Australia, they have flying doctors. In Alberta, we have flying patients. Any resident of an outlying area of the Province who has to be moved by air to a larger centre in order to receive the medical or surgical care he needs will be flown out by the Emergency Air Ambulance Service of the Alberta Department of Public Health. Doctors fly, too, on occasion. When the situation is urgent and the patient can't be moved, a specialist will be flown in. Another use of the Emergency Air Ambulance Service is fast transportation of blood for transfusions. In any case, the tab for transportation by this service is picked up by the Provincial government.

...what you're supposed to do if you discover a cave-in?

Chances are that the cave-in has occurred at the site of one of the more than 1,700 abandoned coal mines in the Province, so your best move is to call the Mines Division of the Alberta Department of Mines and Minerals. Inspectors from the Division keep a very careful eye on all these locations, checking regularly to see that there are no openings which would present a hazard to the general public. If a cave-in is discovered, it is filled in and

closely watched until all signs of settling have disappeared. Safety conditions at the 50 active coal mines in the Province are also the responsibility of the Mines Division and major sub-surface operating mines are checked once a month, smaller underground operations three or four times a year, and strip mines every two or three months.

WHO SHOULD BE NOTIFIED?

In filling out his application for a job in the plant, a man puzzled for a time over this question, "Whom should we notify in case of accident?" Finally he wrote, "Anybody in sight."

IN THE BUD. Chrysanthemum buds are now packaged in plastic mesh, following a year of trials on 75,000 plants at an Essex, eastern England, nursery. The delicate—and expensive—blooms are protected from wind, hail and attacks by birds in sealed bags of Netlon, a versatile integrally extruded plastic mesh. The cut blooms assume their full, familiar shape after a few hours in water.

Arrowwood News

ARROWWOOD

Mr. and Mrs. Jerry Curtis and son and Mr. and Mrs. Jahnke from Eston, Sask., spent last weekend visiting with Mr. and Mrs. C. Curtis.

Sympathy of the district is extended to Charlie Strum on the death of his mother this past week in Calgary.

Mr. and Mrs. Bert Setters spent Sunday visiting in the district.

Speedy recovery is wished to Mrs. Tom Board who was able to return home from the hospital on Saturday.

The Brethren Ladies held their bezaar and tea on Thursday which was very well attended.

Mrs. Bill Cormack and children from Sundre spent the weekend visiting in the district and while here attended Joanne Bannister's shower.

There was a community shower for Joanne Bannister on Saturday night. The hall was decorated with blue and white streamers and silver hearts. Mrs. Patti Franz played some musical numbers on the accordion. Mrs. Fay Culp and Miss Patsy Barch sang a number. Chris Culp acted out a couple of scenes of Joanne's life which were very humorous. Then Mrs. Betsy Brown presented Joanne with a wagon load of gifts. Joanne was assisted in opening her gifts by Cheryl Burris, Faye Bannister, Barbara Rowland and Beth Brown. Joanne thanked the ladies for the lovely gifts and asked them to visit her and Earl.

LIONS FAMILY NIGHT

The Lions Club held their Family night and Award night on Friday. There was a very good crowd in attendance. Gary Bertrand presented Barbara Roberts with the Grade Nine Scholarship and Floyd Williams with the Grade Twelve Scholarship on behalf of the Lions Club.

The 4-H members were then presented with their trophies which they had won on behalf of the year's work. Brenda Williams was presented with Lions Trophy for showing the Grand Champion Calf. Betty Anne Cockwill was presented with the Bank of Nova Scotia Trophy for the second place calf.

Jim Seeley was presented with a Belt Buckle from the King Ranches for third place calf.

Other awards presented were: First Hereford—Brenda Williams from the FWUA; Second Hereford—Betty Anne Cockwill from Hurley Williams; First Shorthorn—Jim Seeley from Leigh Williams; Second Shorthorn—Debbie Thompson from Ronland Thompson; First Angus—Lois Pobst from FUA; First in Showmanship—Bud Cockwill from UFA, purchasing Pool No. 1; Best Groomed Calf—Bud Cockwill from UFA, purchasing Pool No. 2; Highest rate of gain—Merle Wyatt from Dr. Hill, Vulcan; Best kept records—Debbie Thompson from Bob Seeley.

Grand Champion Pee-Wee Calf was shown by Gloria Williams and a trophy was presented from Onstad's Corner Store. Reserve Champion Pee-Wee Calf was shown by Ronnie Seeley and the trophy was presented by Helen Cockwill.

The efficiency winner for the club this year was Cheryl Williams. Betty Anne Cockwill presented Leigh Williams with a plaque for his years as leader of the club. Verlyn Culp thanked him for his help with the club over the years as Leigh quit as leader for this year.

Leigh Williams thanked everyone for the support they had given him and hoped they would give the same support to the new leader Jim Brown as a club can be only as good as the support they receive from the members and their parents.

Karen Williams on behalf of the 4-H members and their parents thanked the Lions Club for the evening. Pete Brown then showed a few slides of interest to the local people which brought a very successful evening to a close.

4-H BEEF CLUB

A re-organization meeting of the Arrowwood 4-H Beef Club was held at the home of Mr. and Mrs. Leigh Williams on Nov. 9.

Election of officers took place as follows: President, Karen Williams; vice-president, Dennis Brown; secretary, Brenda Williams; treasurer, Debbie Thompson; club reporter, Norman Ward; junior leaders, Cheryl Williams and Betty Cockwill.

A special thank-you from the Club goes to Leigh Williams who for the past twelve years has been the club leader. Best wishes to Jim Brown who is the new leader and to Bob Cockwill and Jim Williams who are assistant leaders.

Christmas names were drawn for. It was decided to hold the meetings on the first Monday in each month.

Family night sponsored by the Arrowwood Lions Club was held on Nov. 11, at the Arrowwood Community Hall. After a delicious banquet awards and trophies were presented to last year's winners. This was followed by slides shown by Pete Brown.

Steady Grain Movement Needed

Canada's largest wheat crop in history, an estimated 844,444,000 bushels, has now been safely harvested. The old high of 723,000,000 bushels was set in 1963. The prairie wheat crop was 30 per cent over last year's figures and 68 per cent over the ten-year average of 501,900,000 bushels.

The average wheat yield in Alberta was 29.2 bushels an acre, compared to 27.7 in Saskatchewan and 24.4 in Manitoba, for an average prairie yield of 27.9 bushels per acre compared to the ten-year prairie average of 20.2 bushels per acre.

Now that the worry of harvesting the big crop is past, farmers will be keenly interested in what sort of a job the railways will do in moving wheat to the terminals. Quotas are still mostly at the one- or two-bushel mark and with so much wheat to be moved the flow of grain to the lakehead and the west coast is going to have to be maintained at a steady pace. Let's hope the railways will prove equal to the task.

Yoicks, and Away!

(By C. J. Harris)

As everyone knows, the hunting season can be a pretty hazardous time for the human animal. Even on a bright fall day a small red-shirted man may be mistaken for a fully-antlered 1,000-pound moose and be peppered by a barrage of bullets. Now, it appears, this accidental open season on humans may have been extended into the hours of darkness. Not only that, but nighttime hunters of wild birds have added to human hazards by substituting the long-range rifle for the comparatively short-ranged shotgun ordinarily used for fowling. At least that is the explanation offered regarding a shooting incident that recently occurred along Ontario's Highway No. 401, a stretch of road that is about the busiest in Canada and where a vehicle out of control could cause multiple deaths.

The near-victim in the case was a driver for a trucking firm that happens to be non-union. Along with most of the company's other employees this driver had stayed on the job after a strike had been called against the firm by the International Teamsters Union. The firm's employees and equipment then suffered many misadventures — six trucks went up in flames, brake and gas lines were cut, building blocks fell onto passing trucks from bridges, paint bombs were hurled at truck windshields.

As a result of this series of events the company's trucks travelled the public highways in convoy, at unannounced hours and after dark. Despite this precaution, just as the driver in the last truck of a seven-vehicle convoy shifted in his cab to flick a cigarette butt out the window, a high-calibre rifle bullet crashed through the windshield and nicked his neck. Had he not shifted on the seat at that moment he might not have survived; in addition, his out-of-control truck might have slaughtered many innocent passers-by.

Discussing the incident with a newspaper interviewer, a Teamsters Union official denied that the union could have been involved in this or any of the other occurrences of violence. Several cars, he told the reporter, have been hit by stray bullets from hunters shooting alongside highways. "But at four a.m.?" interjected the reporter. "There are lots of night bird hunters," the union official replied.

Yoicks, and away! as the hunters used to call.

Dangerous Intersection

Driving to Calgary recently we noted that a survey crew was busily engaged at the junction of Highways 2 and 23, just east of High River.

This, presumably, is the first step towards the construction of a highway interchange at this junction next year, as this project has been given a "high priority" by the Department of Highways.

The two fatal accidents at the junction this fall have obviously helped speed up departmental action. It is unfortunate that two lives had to be lost at this busy and dangerous intersection this year. Apparently a proper traffic interchange for this junction was planned some years ago but was allowed to sit on the shelf until the recent tragedies focussed public opinion on a dangerous situation, although two or three such interchanges have been built on the Calgary-Edmonton portion of No. 2 Highway.

We sometimes have an uneasy feeling that Southern Alberta rates pretty far down the scale with those in power at Edmonton.

CARDS OF THANKS

The family of the late Mrs. Harry Clark wish to express their sincere thanks and appreciation to their many relatives, neighbors and friends for the beautiful flowers, cards and donations to the Alberta Heart Foundation and other acts of kindness during our recent sad bereavement.
—Harry Clark and family. 1-x

It is our pleasure to thank all our good friends and neighbors of Lomond and district for the lovely farewell party given us on Nov. 4. A special thank you to the Birthday Club for the lovely pole lamp and to the Boy Scouts, Cubs and Group Committee for the beautiful desk set. They will always be treasured. We will use the purse of money for another memory of you. A big thanks to the ladies for the delicious lunch. Our years of knowing you all, both in friendship and in business were the best. We enjoyed and appreciated our evening with you, and instead of goodbye, we extend a hearty invitation to each and every one to visit us any time at our home in Picture Butte at 723 Maple Street. The welcome mat is always out. Thanks again for everything.
—Bernie and Jim Foreman and family. 16-1x

We would like to say thank you to everyone who made our 25th Anniversary such a special day. To our children for the beautiful corsage and boutonniere and for their wonderful help. We would also like to thank Helen and Hannah for the beautiful cake and a thank you to the ladies who sent squares. Thanks to all who sent cards, gifts and called in the afternoon. You all made our anniversary day we will never forget. Thank you.
—George and Thelma Mueller. 16-1p

I would like to take this opportunity to thank all my friends for phone calls and offers of help. A special thank you to Eddy Nolte for his services, and to the Kinsmen Club of Vulcan for the flowers. Their concern was most appreciated.
—Bill Hiltz. 16-1p

We wish to express our thanks and appreciation to all our friends, neighbors and relatives for the cards, flowers and other acts of kindness during our recent bereavement, Eva M. Christman of Monarch.
—Wilbur and Betty Matlock and family. 16-1p

We would like to extend a sincere thank you to all who contributed in anyway to the farewell tea given in my honor at the home of Mrs. Fraser.
—Gladys and Woodrow Hanson and family. 16-1x

A special thank you to my many friends who remembered me with flowers, cards and visits while I was a patient in the hospital.
—Josephine Letal. 16-1x

I would like to extend a sincere thank you to my many friends for the cards, flowers and expressions of sympathy received following my recent bereavement.
—Miss E. Bell, Lomond. 16-1x

CARD OF THANKS

I would like to take this opportunity to thank all my friends and neighbors that sent flowers, cards, letter, fruit, candy and smokes to me while I was in the General Hospital. Also many thanks to all our friends who were so nice to Grace while I was away.

WINTER CARE AND STORAGE OF SPRAYERS

Since the farm sprayer is the vehicle through which many agricultural chemicals are applied, its proper care and storage is of utmost importance.

To ensure that your sprayer is in good working order next season, W. Lobay, Supervisor of Weed Control with the Alberta Plant Industry Division, advises the following winter storage procedure.

- 1. Drain all the spraying solution from the tank, pump, booms and hoses. Make sure you remove any scales or other material that may have accumulated in the tank or booms.

Lomond News

Mr. and Mrs. Henry Lindstedt were visitors in Lethbridge on Monday of this week.

The wrestling held at the Lomond Community Centre, sponsored by the Lomond Lions Club last Saturday evening drew a very large attendance.

Mr. and Mrs. Jimmie Teasdale and wee son of Calgary were visitors at the homes of their respective parents last weekend.

Miss Margaret Ruppert of Calgary was an overnight visitor at her home last weekend.

Mrs. Vern Williams is now in the Vulcan Hospital to recuperate, rather than at home as your reporter was given to understand last week.

Congratulations to the Lomond Boys' volleyball team on doing so well in their recent games in the county.

Ed Root and Sam Schlaht were Vauxhall visitors Monday evening to attend a Social Credit Meeting.

Keith Goldthorpe of Calgary and Kenny West of Edmonton were weekend guests at their homes in Lomond.

Mr. and Mrs. Al West entertained 25 guests at their home Friday evening in honor of Mr. and Mrs. Hirst Goldthorpe who were celebrating their 27th Anniversary.

Miss Valeen Chow of Calgary was a visitor at her home in Lomond the holiday weekend.

Ashley Foreman accompanied his son Jim to Picture Butte on Sunday for medical attention. Get well wishes are extended to Mr. Foreman from his friends at Lomond.

Mr. and Mrs. Pete Ruppert were Lethbridge visitors on Wednesday of last week.

Mr and Mrs. Bob Nimz and family of Blackfalds were weekend visitors at the home of the latter's parents, Mr and Mrs. L. Chase and son Terry.

Best wishes for a speedy recovery are extended to Joe Chambers, a patient in the Vulcan Hospital.

HOME AND SCHOOL

The regular meeting of the Lomond Home and School Association was held Nov. 9th. There were 22 members present.

Correspondence dealing with Alberta Federation Centennial Calendars was read and it was decided to order 50 calendars for sale. A committee of Mrs. Henry Huff, Mrs. Fred Crawford, Mrs. Leonard Sokvitne and Miss Jill Brand volunteered to order and look after the sale of the calendars.

Upon request from the Student Insurance Co., the association will supply to them the names of the parents. Under new county regulations the school principals can no longer look after this insurance. It was discussed and decided that

next month the members should have program ideas for a workshop and if we wish one held.

The county office will be contacted to see if there is a grant under the Centennial program for beautification of school grounds.

The program was in panel form with those taking part being a teacher representative Garnet Stevens; a Home and School representative, Mrs. Fred Crawford; a parent representative, Mrs. G. Hendrickson, and the local county councillor, Andrew McAlister.

Each panel member gave an interesting brief on the role their particular field has in education problems. Directed to this panel were many questions from a question box covering such subjects as summer school for teachers, teacher's wages, importance of Home and School, who sets education standards, capabilities of van drivers, education required for vocational courses, lack of physical education equipment and playground equipment in the school and students union. These and many more questions were well answered by the panel and the members played their part too, with interesting and lively discussions.

It is expected to have Raymond Speaker MLA at the December meeting as guest speaker.

BIRTHDAY CLUB

On Nov. 9, the Birthday Club met at the home of Mrs. Caroline Magella. There were 15 members and one visitor to join in the opening song, "There's a Long, Long Trail A-Winding". The roll call of Christmas Hints or Ideas, produced some interesting suggestions.

Mrs. Booth gave a report on the accomplishment and future plans of the Centennial Planning Committee. The club representative, Mrs. Florence Hart, was absent so Mrs. Booth reported at her request. A card party was planned for Nov. 19th with the addition of a bake sale, and the total proceeds to be donated to the Community Centre to aid in their projects.

The closing song was, Keep the Home Fires Burning. The honored birthday guests for November were Mrs. Velma Booth, Mrs. Andy Stanko, and Mrs. Af Toker. Mrs. Stanko won the raffle. Mrs. Al Lomas presented an interesting advertisement naming contest that was won by Mrs. Booth. With some assistance from helpers the hostess served a delicious lunch to conclude a pleasant afternoon.

Honored Jockey

The wax figure of Johnny Longden, the 4 foot 11 inch English-born jockey, who won a world-record of 6,031 horse races during his career, is in the Canadian Wax Museum at Banff. Longden grew up in Taber, Alberta, where his father was a coal miner. Longden is now a trainer.

Good Deeds W.I. Elects New Officers

Seven members of the Good Deeds Women's Institute met at the home of Mrs. Ernie Nobert Thursday afternoon.

Mrs. Bruce White took the president's chair and opened the meeting. Mrs. Bob Hutton, acting secretary, read the minutes of the last meeting. Mrs. Clarence Brown, treasurer, reported a substantial bank balance after having deposited the proceeds from the group's very successful bake sale and raffle.

The correspondence was next dealt with and included; thank-you notes from Mrs. Fred Ewasken and Mrs. Laurence Polosky for shower gifts, a letter of thanks from the Unitarian Service, an order for Unicef Christmas cards, and a letter from Mrs. Bielish, provincial president, concerning Institute business.

Each member answered the roll call by displaying an article of handicraft they had made during the year.

Mrs. Bob Hutton reported there is still much need for useable used clothing locally. Mrs. Cecil Dennison moved we give a donation to the Vulcan swimming pool. The Good Deeds had been asked to assist at another carnival to raise funds for the proposed recreational centre, this was discussed with the majority of the members present not interested. It was voted to give a cash donation.

The annual election of officers followed the business meeting. Mrs. George Dingwall is the new president, Mrs. Bob Hutton, secretary and Mrs. Clarence Brown remaining treasurer. The directors are

ARMADA

COMMUNITY CLUB

The Armada Community Club met at the school on Wednesday, Nov. 2. Fourteen members and three visitors were present.

Plans were made to finish the doll house and have it ready to raffle at Christmas. Tickets can be bought from any member of the club.

Committees were drawn for those to work at the shower for

be set later this month. Mrs. Wilma Boe agreed to deliver the Lomond History book to the Peter Dawson Lodge. It was given to the lodge in memory of Mrs. Annie Marks.

New officers were installed for the coming year. They were as follows: President, Mrs. Sheila Stokes; secretary, Mrs. Betty Stakes; vice-president, Mrs. Wilma Boe; sick committee, Amy Stokes and Joanne Chambers, board of directors, Marvina Hendricks, Birdella Sealock, Grace Marks and Betty Dickout.

THE HOMEMAKER

MISS FRANCES ANN CULLEN District Home Economist Box 480, Vulcan — Phone 485-2117

Dear Homemakers:

Seeing as I have had several inquiries in the past week or two on Home Planning I will pass along some pointers which may be of assistance to you in making a decision.

Many older homes were not insulated or the insulation has broken down. The lack of vapor barrier in older homes causes insulation to break down more quickly. As you can see, extensive renovations can be costly so do your planning with paper and pencil first. Decide what needs to be done by asking these questions.

- 1) Is the foundation in good condition? Do you have a full basement? Would you like one? 2) Will the exterior walls need refinishing? 3) Do you need new door frames, or new doors, 4) Will you need to change some windows? The answer to this will likely be yes, and you may decide to change more windows since the new windows don't frost up in winter, there is no draft around them and they don't usually need storm windows.

find it costly to move in a few years.

Even if you plan to do the work yourself, get some expert advise before moving partitions. You won't go far wrong if you get at least three estimates from contractors—they may spot what you think will be only a minor job as a major renovation. Estimate the cost of materials and labor and then add one-third more to the estimated cost of remodelling for unforeseen things that will crop up. Plan everything right down to the color scheme.

If the estimated cost of remodelling is well under the cost of a new home, then it is economical to remodel. If, however, remodelling is going to be expensive, you would be wise to build a new home instead.

Further information from: District Home Economist, Box 480, Vulcan, Alberta.

Two native women were staring out to sea when a young cannibal passed by. His face was brilliantly painted, a feature headdress nodded in the breeze, two ivory tusks adorned his shirt and he carried a large rattle in each hand. One woman nudged the other and beamed "My son, the doctor!" —Goethe.

4-H Club Notes

BERRYWATER 4-H BEEF CLUB

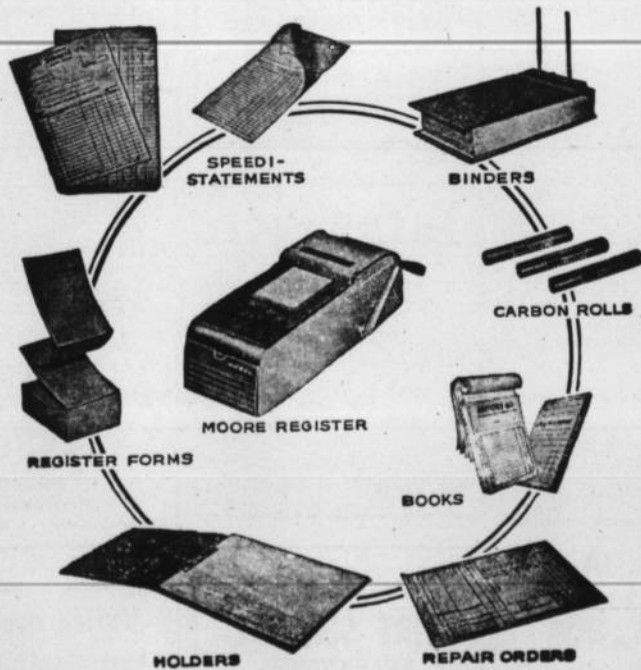

The first meeting of the Berrywater 4-H Beef Club was held Nov. 11 at the community center. Election of officers resulted as follows: President, Kay Giles; vice-president, Roy Knive; secretary, Jim Oldfield; treasurer, Wayne Love; reporter, June Sinclair; advisory committee, Neil Giles, Pete Silbernagel, Allan Sinclair, Vic Rushfeldt, Archie Oldfield and Marg Love.

It was decided that the club weigh in be held Nov. 19 at 1:00 p.m., at Archie Oldfields. It was also decided meetings will be held the third Saturday of every month at 7:30 p.m. The club will cater to the Lions Community supper in Milo. A committee was set up to plan a Christmas party for the next meeting. Efficiency winners of the club Maureen Sinclair and Kay Giles were presented with their trophies. Lunch was served.

Draw your plans to scale and do ask for help from other people (eg. District Home Economist or District Interior Design Specialist, Miss Dianne Hammer, with the Department of Agriculture). Plan your entire plan as you want it eventually, even if some of the things can't be done right away. Anything done now will affect what may be done later. For example, if you put in a bathroom or new heating system, you will

INGENIOUS DEVICE. Did you ever wonder how the Lions Club turkey shoot cards were made up? Well it is truly a thinking man's invention and three of the operators are shown above working on this year's supply, which is now in circulation. From the left are

Lion President Evan Williams, Evan Munro and Roy Deal and while the mechanics of the operation are awkward to explain things happen when several properly placed strings of fish line, tied to inch-and-a-half wheel nuts, all set under the strips of cardboard

which cover the number, are yanked through a kind of a cheese slicer. Anyway, it all works. This project, plus the Christmas calendar campaign, is keeping the local Lions Club occupied.

NEWS FROM BLUNT'S NURSING HOME

Well, hello again from Blunt's Nursing Home. We have had two new admissions to the home in the past two weeks, Dan Kolesnyk from Champion and Mrs. Sylvia Willis from Milo. Both seem to be settled in and doing very well.

On November 3 we started our "hours of worship" here at the home. Rev. W. Dormer from the United Church came to give us our first service. Following him will be a minister from each church of Vulcan.

In our "hour of worship" we sing hymns, listen to scriptures from the Bible and a message from the minister.

We wish to thank Rev. Dormer for starting our "Hour of Worship" off so well.

Our visitors in the past two weeks have been Mrs. Magnuson and her daughter Myrtle of Calgary, Mr. and Mrs. Phil Helgeson, Mr. and Mrs. George Mueller, Mrs. Eunice LaRoche, Mrs. Lebsack, Ed Willard, Mrs. Vanderlinden, Mrs. Kuykendall, Norm Soder, Mr. and Mrs. Gilbert Vooys and Mr. Loomas.

The big advantage in being successful is that you don't have to listen to good advice any more.

CARMANGAY

Mr. and Mrs. E. Neely, accompanied by their daughter Mrs. Jay Jenkins of Calgary, attended the funeral of Mr. Neely's younger brother Wentworth of Edmonton on Nov. 4.

Mrs. Gerald Oberg of Forestburg is visiting with her sister Mrs. E. Neely for a few days.

Recent weekend visitors at the home of Mrs. Norrie MacMillan were Mr. and Mrs. Albert Gallo of Calgary and Mr. and Mrs. Gordon Frizzell and Shauna and Mrs. Jean Kyllingstad of Red Deer.

Mrs. MacMillan is spending a few weeks in Calgary and Drumheller visiting friends.

Visiting at their respective homes for the long weekend were Christine Hubka and Linda Hubka both of Calgary, Marilyn Hubka of Drumheller and Laree Clark of Edmonton.

Harold Hubka of Edmonton was a visitor at the R. Hubka home for the long weekend.

Counties at the Palliser Hotel.

Misses Christine and Linda Hubka will be attending the convention banquet on Thursday evening at the Palliser Hotel as guests of their uncle and aunt, Mr. and Mrs. F. Hubka.

Mr. and Mrs. Alan Soderquist of Red Deer were weekend guests at the home of his mother Mrs. Gretta Soderquist.

Mr. and Mrs. John Letal and boys attended a family dinner in honor of John's father who celebrated his 85th birthday on Nov. 14. The dinner was held at the home of Mr. and Mrs. Joseph Letal in Barons. There were 31 relatives and three visitors present for the occasion.

HOSPITAL AUXILIARY MEETING

The first meeting of the fall season of the Carmangay Hospital Auxiliary was held at the town office on Nov. 10.

The president reported that the nursing supervisor Miss Bienert was unable to be present so she would call for the sewing at the hospital later and distribute it among the ladies. Mrs. Ethel Nelson volunteered to check at the hospital to see if there were sufficient favors for the patients' trays at Christmas. If not she would purchase more and also corsages for the staff on duty. It was decided to continue with the donation of a silver baby cup to the first baby born in the Little Bow Hospital in January.

Mrs. Ellen Johnson of Barons and Mrs. Helen Hubka attended the Alberta Hospital Auxiliaries' Association Convention in the Marquis Hotel in Lethbridge on Oct. 27. The panel presentation, "Life Begins at Forty," was very much enjoyed. Auxiliary reports from the different hospitals were very interesting and some good ideas will be used in the local auxiliary.

Next meeting to be held on Jan. 12, 1967 and volunteer hostesses for this meeting are Ethel Nelson and Olive Soderquist. Buelah Hubka and Helen Hubka were hostesses and raffle winner was Olive Soderquist.

SOIL TESTING AND FALL FERTILIZING

Can I apply fertilizers in the fall before getting the results of my soils analysis test, is a question frequently asked by farmers. The answer is yes.

A. W. Goettel, Supervisor of Soils with the Alberta Plant Industry Division, reports that fertility studies have shown that stubble, hay and pasture lands require the application of a nitrogen fertilizer. Although the exact amount depends upon a number of factors determined by the soil test, a basic fall application of nitrogen is strongly recommended. If the soil test shows that a higher rate is required, the balance plus the correct amount of phosphorous can be applied in the spring at seeding time. Fertilizer rates above 25 pounds of elemental nitrogen per acre cannot be drilled in with the seed because of the danger of lowering germination levels.

The recommended rate for fall fertilizer applications on dark brown and thin black soils is approximately 20 to 25 pounds of elemental nitrogen. This amount is equivalent to 110 pounds of ammonium sulphate (21-0-0), 65 pounds of ammonium nitrate (33-5-0 or 34-0-0) or 50 pounds of urea (45-0-0 or 46-0-0) per acre.

For best results on stubble land, apply the fertilizer before the last fall cultivation.

ERGOT IN GRAIN AND HAY GRASSES

This last summer was ideal for the development of ergot, especially in wheat and barley. Normally we think of ergot as a disease which only affects rye and headland grasses. However, when the flowering period of our cultivated plants is lengthened during a moist period as we had this summer, the amount of ergot in grains and grasses can become dangerous.

When I say dangerous, the effect

can range from the ears, hooves and other extremities of the body dropping off from dry gangrene to reduced gain in the feedlot of feeders. Pregnant animals may abort, especially cows and mares. A milking animal may fail to produce milk.

Owing to these rather severe effects of ergot poisoning, feeders would be wise to exclude completely from animals rations, grain contaminated with ergot. This is particularly true with pregnant cows, sows, mares and ewes.

As far as we now know, one tenth of one percent of ergot in grain or other feed should be considered dangerous. The 0.1 percent is equivalent to 15-20 bodies per pound of grain.

If you wish to feed grain contaminated with ergot there are two alternatives. Clean the grain in the Co-op Seed Plant or with some other grain-cleaning equipment or mix your ergot contaminated grain with ergot free grain in such a way that any one pound of feed will have less than 15 ergot bodies.

Next spring, to avoid reseeding ergot bodies, have your seed grain cleaned. Deep spring or fall cultivation will bury the ergot bodies. Very few ergot bodies will germinate if they are 2 inches or deeper in the soil. The grain crop can be made less susceptible to

ergot by seeding deep in the spring. Deeper sown seed flowers over a shorter period, thereby reducing the chances of infection. Headland grasses should be mown before they can head and planting very susceptible crops in succession should be avoided. Flax and Rape-seed are not attacked by ergot.

If you wish further information contact this office. Oh Yes, ergot is poisonous to humans in the same way it is to our livestock, so keep an eye on junior.

For easier cleaning, avoid handling grain contaminated with ergot anymore than necessary to prevent breaking the ergot bodies.

Public Notice

NOTICE is hereby given that the following by-law has been introduced and given two readings by the Council.

BY-LAW No 577

A By-Law of the County of Vulcan No. 2 to establish a recreation area in Electoral Division No. 6 and to authorize an agreement with the Village of Lomond for joint recreation programs and a joint recreation board.

WHEREAS the Council of the County of Vulcan No. 2 has been petitioned to establish a recreation area in Division No. 6 and joint recreation programs with the Village of Lomond.

NOW THEREFORE pursuant to the provisions of Section 326 (b) of The Municipal District Act, being Chapter 215 of the Revised Statutes of Alberta, 1955, and amendments thereto, and Section 14 of The Cultural Development Act, being Chapter 73 of the Revised Statutes of Alberta 1955, and amendments thereto, the Council of the County of Vulcan No. 2 enacts as follows:

- That Electoral Division No. 6 of the County of Vulcan No. 2 be established as a recreation area.
- That the County of Vulcan No. 2 enter into an agreement with the Village of Lomond to provide for joint recreation programs in Electoral Division No. 6 and the said Village, and to provide for a joint recreation board to manage such recreation programs; such board to consist of seven members, four of whom shall be appointed by the County of Vulcan No. 2 and three to be appointed by the Village of Lomond.
- That a special tax of One (1) Mill be levied each year on all rateable property within the said recreation area that appears on the assessment roll of the County of Vulcan No. 2 for the purpose of the joint recreation programs.

Received a first and second reading this 4th day of November, A.D. 1966.

JACK DEITZ,
Reeve

D. D. McQUEEN,
Secretary-treasurer.

AND FURTHER NOTICE is given that unless a petition signed by 10% of the proprietary electors of the area asking for a vote of the proprietary electors in the area is received within 30 days of the date of this notice, the Council will proceed to give the by-law third reading and finally pass the same. DATED at Vulcan, Alberta, this 16th day of November, A.D. 1966.
